

Platinum Payments presents a premier Payment Gateway solution and Virtual Terminal that allow you to accept all major credit cards quickly and affordably In either Canadian or US currencies.

When you bundle both our merchant account and our payment gateway, you'll benefit from: Secure, cost-effective and trusted e-commerce solutions. Reliable, real-time transaction processing. Industry leading fraud screening tools and PCI Data Security.

Simple and fast set-up: Our Advantages

- ▶ **Fully PCI certified:** No need to worry about credit card numbers or private information being stolen from your site!
- ▶ **Free Quick Click Shopping Cart:** Or connect with over 80 certified shopping carts.
- ▶ **Recurring Billing:** Bill your customers daily, weekly or monthly for as many payments as required.
- ▶ **iSpyFraud™ Protection:** Receive additional value and protection using iSpyFraud™. iSpyFraud™ provides custom strategies to identify the difference between legitimate shoppers and fraudulent shoppers. It is the only solution that provides strategy management and customer service tools to help merchants save legitimate transactions that appear risky, as well as set policies for accepting and rejecting transactions. This means less risk to you and a better relationship with your customers.

Cardholder Authentication Card Programs

- ▶ **Virtual Terminal:** With a Level 3 intuitive user interface you will be able to authorize, process and manage credit card transactions manually from any computer that has Internet connectivity.
- ▶ **API Integration:** With the API Integration solution you can utilize the highest level of secure transaction infrastructure available.
- ▶ **Batch Upload Processing:** With batch upload processing you will be able to control and approve transactions manually prior to settlement. The batch processing system automatically allocates the batches in 1/16 bins and reduces overall processing time to a fraction of our competitors.
